

# Immanuel Senior Living partners with Avantas for Health Staffing Solution

## Avantas expands its Healthcare Pool to serve Senior Health and Assisted Living Communities in Omaha and Lincoln.

Omaha, NE, November 2, 2009 -(PR.com)- Avantas is proud to announce a new partnership with Immanuel Senior Living to provide health professionals to their Assisted Living Communities in Omaha and Lincoln.

For over a decade, Avantas has established relationships with healthcare organizations to provide flexible and capable professionals to inpatient nursing and ancillary units.

This partnership with Immanuel Senior Living provides Avantas the opportunity to introduce its unique methodology of resource placement to Assisted Living Communities.

Designed to meet patient needs as they unfold, the Avantas Pool comprises a thin layer of professionals deployed at the last possible moment before the start of a shift to fill the critical gaps in staffing. This strategy is cost-effective and improves quality of care by placing the “best of the best” where they are needed, when they are needed.

“We are very excited to have partnered with Immanuel Senior Living to help provide care for their residents,” said Joan Kunes, Director of Avantas Pools. “They have wonderful communities and a terrific staff that believe in the work they do.”

“Avantas has a glowing reputation for providing excellent care,” said Deb Welk, Director of Health Care Services for Immanuel Senior Living. “This is the level of quality that our residents and their families expect and deserve. We are looking forward to expanding our partnership with Avantas as we continue to improve our staffing strategies for our residents and staff.”
